Meet The Clutch Guys!

People have referred to us as "The Clutch Guys" for many years. That's because we've been designing performance clutch kits since the early '90's for snowmobiles, ATV's & UTV's. Our clutch kits are world famous for the performance increases and reduced belt wear they provide. If you like to modify your machine, The Clutch Guys have "fixed" many CVT issues that arise after adding power or changing tires. Give us a call to see what we can do for you!

U-JOINTS

U-Joints are one of those parts that only seem to get attention when they go bad, but we encourage riders to proactively replace them. New U-Joints will make your driveline so much smoother and quieter, you'll feel like you got a new machine! Ours are heavy duty and come with a 1 year warranty.

FRONT A-ARM BUSHING KIT

Your suspension is designed with “wear-parts” that allow it to do its job of absorbing the bumps. These wear parts need to be checked and replaced periodically. EPI offers complete kits for rebuilding A-Arms, Swing Arms and Independent Suspensions. This is another one of those areas of your machine that you'll be amazed by the ride and handling improvement after rebuilding. Our kit components are made from high quality materials and include everything you need.

LIFT KITS

One of the most common reasons why our customers buy an EPI Clutch Kit is because they have added larger/more aggressive tires to their machine. An EPI Clutch Kit recalibrates your CVT so you can effectively turn those larger tires. Well, if you add larger tires you probably also need a Lift Kit to provide the necessary clearance. So EPI offers a line of quality Lift Kits to gain 2-3" of additional clearance. As with all our EPI products, we guarantee these Lift Kits to be the best value and workmanship available!

WE TURN BLOODY KNUCKLES INTO WHITE KNUCKLES.

EPI knows clutching. We've been doing it for over 20 years with snowmobiles, ATVs and UTVs. Our stuff has won countless races and handshake bets. Count on the Clutch Guys – and genuine Erlandson Performance products. Loved by motorheads, tested by maniacs.

BRAKE ROTORS

- High quality replacement rotors
- Designed to provide maximum braking power with proper heat reduction
- Compatible with all types of brake pads
- Sold each

ATV's & UTV's tend to get driven through some nasty stuff. All that nasty stuff increases the wear on your brake pads & rotors, so be safe and check them periodically. EPI offers a complete line of brake pads, shoes and replacement rotors.
